Follow us on   

Spring, summer, autumn, winter – a visit to Mainau Island is a real adventure at every time of year. The views from every part of the park as well as the glorious array of flowers will amaze you afresh time and again. The theme for our Flower Year 2020 is “Blossoming water, floating gardens” and our visitors are invited to discover the connections between water, gardens and plants and, in particular, the surprising qualities and benefits of water as the fundamental element of life. The Mainau gastronomy promises moments of culinary delight to savour with delicious aquatic plants and a fine choice of fish specialities.

A warm welcome awaits you!

Countess Bettina Bernadotte
Managing director Mainau GmbH

Count Björn Bernadotte
Managing director Mainau GmbH

The Flower Year starts in March with mystical-looking orchids at one of the largest presentations of its kind in Germany. Shortly afterwards, thousands of tulips and daffodils are in bloom along the Spring Avenue, the island’s spring-time promenade. In summer, 8,000 roses in more than 1,000 varieties seduce visitors with their beguiling fragrances inviting them to vote for their Mainau Queen of Roses. In late summer and autumn, 12,000 dahlias in 250 varieties light up the island’s southern slope in a spectacular firework of colours.

Children can explore the island on an exciting adventurous treasure hunt and discover hidden places or simply have fun romping around in one of the island’s numerous varied playgrounds.

Take a break and try some of the culinary delights Mainau has to offer during your trip to the island. Attractive colourful events like the Count’s Island Festival and the Count’s Palace Festival are undoubtedly highlights of the Flower Year.
